

Essential Support: The Springfield Community Players last week delivered hot meals to the Springfield Hospital, sandwiches to the Springfield Police Dept., and diapers to the Springfield Area Parent Child Center. Last week was National Public Health Week and the Players stepped up to support the community. Thank you to Riverside Restaurant for preparing the hot meals and thank you to Jake's South Street Market for preparing the sandwiches. The Community Players spent \$500 to provide this all to the hospital and police dept. This event was coordinated by SCP President John MacDonald and Vice President Todd Hutchinson.
